8. Local Approvals and Zoning (See Section 5190(b) of the CDLAC Regulations.)

The project Sponsor shall provide evidence, no later than the application due date for the allocation round in which the project is seeking an allocation, that the site is zoned for the Project, as proposed, and that all applicable local land use approvals that are subject to the discretion of local elected officials have been obtained. 9. Income Restriction

(See Section 5191 and Section 5192 of the CDLAC Regulations.)

Minimum Requirement

A minimum of ten percent (10%) of the units in a Qualified Residential Rental Project must have Gross Rents that are restricted to households with incomes no greater than fifty percent (50%) of the Area Median Income (AMI). All of the rent restricted units that meet this requirement, with the exception of Mixed Income Pool projects and units located on the upper level floors of high-rise developments, shall be generally distributed in terms of location and number of bedrooms throughout the project. All such units shall be of comparable quality and offer a range of sizes and number of bedrooms comparable to those units that are available to other tenants.

For federally assisted at-risk projects and 4% low income housing tax credit projects, this shall mean that the Project units must have Gross Rents that are restricted to households whose incomes must be 50% or less of the AMI; or Gross Rents that are restricted to households whose incomes must be 60% or less of the AMI. (Consult Section 5170 of the CDLAC Regulations for the definition of "Gross Rents".) Applications not meeting this minimum requirement will be deemed incomplete. Complete the tables in Item #6 of this PART III. The percentage in column "e" and "g" of Table 2 will be used to determine if the Project meets this minimum requirement.

If the Project is to be substantially retrofitted for energy conservation or will be newly constructed with substantial energy conservation, utility allowances based upon the lower utility cost projected after construction or retrofit may be submitted. Such lower utility allowances must be validated by a public utility letter or public housing authority letter, which provides estimates that are adjusted for significant energy conservation sources.

Exceeding the Minimum Income Restrictions Point Category (Section 5230(c) of the CDLAC Regulations) (35 points maximum for non-Mixed Income Projects and 15 points maximum for Mixed Income Projects)

Projects will earn points for the percentage of units that are restricted to household incomes at or below 50% of the AMI and between 51% and 60% of the AMI. Federally assisted at-risk projects and 4% low income housing tax credit project will earn points for the percentage of units that have *Gross Rents* restricted to household incomes at or below 50% of the AMI and between 51% and 60% of the AMI. The percentages in columns "e" and "g" of Table 2 in Item #6 of this PART III will be used to determine the points earned in this category.

10. Gross Rents Point Category (Section 5230(d) of the CDLAC Regulations)

All projects that are subject to the use of Gross Rents will earn 5 points in this category. All proposed projects that are not subject to the use of Gross Rents but voluntarily do so will earn 5 points in this category.

Evidence of utility allowances shall be satisfied with a letter from the local housing authority that includes:

- a. A certification that the proposed Project is located within its jurisdiction. (ref: IRS Final Regulations T.D. 8520)
- b. A current utility allowance schedule.
- c. An itemization of which components of the utility allowance schedule apply to the Project.

The documentation evidencing a utility allowance must be labeled **Attachment O**, or if more than one document, as **O-1**, **O-2**, etc. In addition, columns "e", "f" and "g" of Table 1 in Item #6 of this PART III will be used to determine if points are earned in this category.

11. Large Family Units Point Category (Section 5230(g) of the CDLAC Regulations)

Projects where at least 25% of the Restricted Rental Units are three-bedroom or larger units will earn points. The percentage in column "i" of Table 2 in Item #6 of this PART III will be used to determine the points earned in this category.

12. Market Study (Sections 5200 and 5250 of the CDLAC Regulations)

All Qualified Residential Rental Project applicants are required to submit a market study, labeled as **Attachment P**, as required by Section 5200 of the CDLAC Regulations. The market study must be prepared by an independent third party having no identity of interest with the development's partners, intended partners, or general contractor and must be submitted with the Application. Scattered Site projects must also meet the requirements of Section 5250 of the CDLAC Regulations. Market studies for projects subject to Section 5200(a) of the CDLAC Regulations must be prepared within 180 days of the application filing deadline and include a 1-2 page summary of its findings, particularly with regard to comparable rental properties.

Acquisition/Rehabilitation projects subject to an existing Residential Rental Regulatory Agreement or a federal, state, or local operating or rental assistance agreement, and meeting the requirements of Section 5200(e)(1) or (2), may submit a market study meeting the requirements of Section 5200(e) of the CDLAC Regulations.

For projects submitting a market study meeting the requirements of Section 5200(a) of the CDLAC Regulations, the market study will be used to determine compliance with the minimum rent restriction requirement that restricted rents must be at least 10% below market rents (Section 5191(b) of the CDLAC Regulations). Please read the CDLAC Regulations posted on the Committee's web site. Note: The unit rents and square footages of the subject property used throughout the Market Study, including all Rent Comparison matrices, must be consistent with the same information shown in Table 1 in this application.

13. Rent Restrictions

Minimum Requirement (Section 5191(b) of the CDLAC Regulations)

Except for Acquisition/Rehabilitation projects eligible to submit a market study meeting the requirements of Section 5200(e) of the CDLAC Regulations, the proposed tenant paid rents for each tax-exempt bond unit type in the proposed development will be at least ten percent (10%) below rents for the same unit types in the comparable market rate rental properties, as demonstrated by the market study (Attachment P) and the market study's Rent Comparability Matrix, labeled as **Attachment R**. The information in columns "c", "d", and "e" of Table 1 in Item #6 of this PART III must show the same proposed rents as the market study and will be used to determine if the Project meets this minimum requirement. Acquisition/Rehabilitation projects submitting a market study pursuant to Section 5200(e) of the CDLAC Regulations are not required to submit Rent Comparability Matrices unless the Project is seeking points for exceeding minimum income restrictions pursuant to Section 5230(e) of the CDLAC Regulations.

Exceeding the Minimum Rent Restriction Point Category (Section 5230(e) of the CDLAC Regulations)
Projects will earn points when the Restricted Rents for each tax-exempt bond unit types are at least 20% below the market rents for the same unit types, as demonstrated by the market study (Attachment P) and the market study's Rent Comparability Matrix (Attachment R). Preservation Projects that receive points for average rents that are at least 20% below market rents are not eligible for the points described in this point category. The information in columns "c", "d", and "e" of Table 1 in Item #6 of this PART III must show the same proposed rents as the market study and will be used to determine the points earned in this category. Acquisition/Rehabilitation projects submitting a market study pursuant to Section 5200(e) of the CDLAC Regulations that are also seeking points for exceeding minimum income restrictions must submit a Rent Comparability Matrix for each restricted rental unit type.

A Project eligible for points under Section 5230(b)(1) of the CDLAC Regulations shall receive an additional ten (10) points if it receives state or federal rental assistance or a state, federal, or local operating subsidy and, as a result, the rents are limited in at least fifty percent (50%) of the project's tenant units to no more than thirty percent (30%) of each such unit's tenants' income, as demonstrated by a copy of the executed agreement or contract.	

10 additional points. A Project eligible for points under subdivision Section 5230(b)(1) of the CDLAC Regulations shall receive an additional ten (10) points if it has income restricted tenant paid rents for each Restricted Rental Unit type that on average are at least twenty percent (20%) below rents for the same unit types in comparable market rate rental properties, as demonstrated in a market study meeting the requirements of section 5200(e), attached as Attachment P, and in a Rent Comparability Matrix, attached as Attachment R, utilizing three (3) market comparable properties for each restricted unit type in the Project. The information in columns "c", "d", and "e" of Table 1 in Item #6 of this PART III must show the same proposed rents as the market study and table(s).	
Supporting documentation for Preservation Project points shall be submitted as Attachment L, L-1, L-
